The St Mary's College for the Deaf - Wantirna South Campus is located alongside Holy Trinity Primary School, offering enrolment from Prep to Year 6. The campus shares a unique partnership here where St Mary's College students are integrated into Holy Trinity classes. This model of inclusion provides our students with access to all Holy Trinity programs including an outstanding Literacy program, Maths, Religious Education, DigiTech, Physical Education and the Arts whilst receiving support from Teachers of the Deaf. Italian classes are also offered to our students if there is an interest in a language other than English.
