1. Preamble

St Mary's College for the deaf was established by the Dominican Sisters of Eastern Australia at "Delgany" Portsea in 1948. At the time, there were no Catholic schools for deaf children in Victoria. It was founded as the first oral school to be opened in Victoria, with the Sisters committed to supporting the development of listening, lip reading and spoken English to children experiencing disadvantage and vulnerability due to deafness related language barriers. In 1984, the school moved to Wantirna South in Melbourne and has since expanded to include several satellite units known as 'campuses' so that deaf, hard of hearing and deaf children with multiple disabilities can access an education with the support required to experience success.

Whilst the school is no longer under the governance of the Dominican Sisters having moved to the Archdiocese of Melbourne, the Dominican traditions and values very much inform the holistic environment in which these children flourish. Each child is created in the Image of God and is a potent and curious learner with capacity to contribute greatly to their community. St Mary's enables this through provision of specialist teachers of the deaf, speech therapy, Auditory-Verbal Therapy (AVT), live captioning of spoken teaching instruction, counselling support and the latest listening technology and devices.

2. Governance Structure

As a Diocesan college, St Mary's College comes under the direct jurisdiction of the Archbishop of Melbourne. The Archbishop of Melbourne established, by decree, an Association of Delegated Canonical Administrators (DCA). The DCA of St Mary's consists of lay people and has an appointed Chair. A Model Statute for the Association of Canonical Administrators sets out the powers that are reserved to the Association of Canonical Administrators as distinct from those that are delegated to the college board.

The St Mary's College board is critical for the welfare of the college and achievement of its aims. The board is the peak organisation in which a parent or a friend of the college may seek to be involved. It is responsible for ensuring that the college is faithful to its charter as a Catholic school, developing policies to enable the college to function and overseeing the financial arrangements that underpin the college. In undertaking these responsibilities, the board is advisory to the principal of the college and the Association of Canonical Administrators. The

board meets with the principal and DCA approximately 8 times per year and reviews the constitution every 4 years. The principal, as Chief Executive Officer, is delegated the responsibility of the operations of the College and ensures that board members are kept informed of educational developments and financial position of the college and the broader educational community.

St Mary's College DCA and board have a strong commitment to ensuring any deaf or hard of hearing child in need of specialist services can access an education free of barriers regardless of social or financial capacity to contribute. To enable this mission, St Mary's is a registered Public Benevolent Institution, with the highest tax deductibility status.

3. Charitable purpose and not-for-profit status
